

Season 1965

Version 1.22

Notes – season files

The full season files we have compiled have been collated from Speedway Publications, magazines, books and programmes.

These files list the heat details of every (known) UK official meeting raced during that particular season and also attempt to correct the many errors that have been published in the Speedway press and various publications for that season. The points scorers in the official league and KO Cup fixtures should (in the vast majority of cases) correspond with the official averages published at the end of the season, together with any fixture(s) where the result was amended following an appeal to the SCB.

We tried to remove as many errors as possible and of course some will remain. The authors will be delighted to hear of any “genuine” mistakes and/or any missing information such as race times, christian names, etc.

This meeting was not reported in the Speedway Star or the British Speedway Handbook. From the published programme this is listed as Grand Practice meeting and therefore may not be an official meeting hence its omission from the records of the day. No further heat details are held except the above. What is known that Don Smith was declared the winner once the meeting was completed. Any further information on this meeting would be greatly appreciated.

Notes: Having considered an appeal from Wimbledon in respect of their match at Swindon on July 3rd, the Swindon Management have admitted that they were wrong in using Clive Hitch in this match against the recommendations of the British League's management committee and have accordingly Hitch's points have been deleted from the records with riders finishing behind him being upgraded a place with the exception of heat 7 when Trevor Hedge was used by Wimbledon as a tactical substitute. Under the revised scoring Wimbledon would not have been allowed to use Hedge and his points in that race have been discounted. Revised match results: Swindon 36 - 37 Wimbledon.

Additional Information for Statistical purposes

Newport

These records advise Biggs scored 291 & Vandenberg 258 points from BL & KOC fixtures

Official records advise Biggs scored 292 & Vandenberg 257 points.

Swindon

These records advise Broadbank scored 384 & Keen 96 pts from BL & KOC fixtures - official records advise Broadbank scored 382 & Keen 98 points.

Official records indicate that Broadbank scored 24 points and Keen 9 points from Swindon KO fixtures, however the error can only arise from the Glasgow KO Cup fixture where Broadbank scored 11 points and Keen 4 points (based on official records).

However a completed programme advises that Broadbank scored 13 and Keen 2 points.

Therefore I have assumed that the official records are incorrect in this case !
