Notes:

(i) Heat 1 Burton very badly injured when his machine seized at speed. He was run over by Ron Johnson who had no chance to avoid him. Burton broke his thigh and did not ride again all season. Johnson splintered his collar bone.

(ii) In heat 3 there was a similar disaster when Phillips was run over by Hansen. Again sudden engine failure was to blame. Phillips finished up under both machines breaking his collar bone and ankle.

(iii) A reported attendance of between 25-30,000.
