Comment

The original plans for the 1938 Division 2 were based on the hope that reserve teams from Division 1 would join the League. Encouraging new talent in both divisions was the objective, This early season competition was a trial to test comparative strengths between the two Divisions. The Division 1 reserve teams fared badly apart from Belle Vue who won the Cup. To be fair the odds were stacked against them. The Div 1 sides were not allowed to race on their home tracks. Even matches between them were at neutral second division venues. The Div 1 clubs were discouraged and the awaited entries for Division 2 did not materialise, even from Belle Vue. Out of the English Cup Reserve teams only West Ham entered the second division. They were joined by Harringay reserves who rode as Lea Bridge at the newly reopened track.

Even though Nottingham had closed over a month before and all riders had been transferred to Leeds the ACU insisted that this fixture was Newcastle v Nottingham rather than Leeds. In heat 1 Greenwood equalled Frank Varey's track record, 76.2 seconds.

George Pepper was disqualified for cutting in unfairly on Fred Tuck.

At this time gates were poor at Nottingham and closure was looking possible.

At the first run of heat 13 Maurice Stobart and Fred Strecker collided. Fred was held responsible. He was carried off with concussion and bruises.

The meeting was spoilt by rain. Billy Lamont had lost none of his entertainment value. Usually first into the first bend he did it with his front wheel well off the ground, like a regular piece of trick riding. The crowd loved it.

Chaos reigned in heat 5. Allott from gate 4 came across hard. In the bunching that resulted. Tom Price came into contact with Stan Williams and they went down along with Hart. Allott's exclusion light came on and he slowed down. The flag marshal grabbed the black and the red flags and then the white excusion light (Tom Price) came on. The flag marshal was trying to sort out the flags and Arthur Westwood the Sheffield manager was running all over the place waving his arms and shouting. Westwood ran over to Allott and encouraged him to ride on, which he did and won!! Oliver Hart remounted and was the only other finisher. The steward explained that he had originally pressed the wrong switch.

Danny Lee scored his 8 points from the back. He was last out of the gate in all his rides.

He rode a brilliant race in heat 10 when he was left well adrift at the start and fought his way to the front.

Heat 14 was rerun because Stanger and Anderson collided. Stanger was excluded from the rerun as primary cause. Anderson was replaced by Adams.

Southampton were unhappy about the disqualification of Billy Dallison in heat 7 and staged a protest. They claimed that Max Grosskreutz had forced Dallison over the line. They temporarily withdrew their riders from heat 8 but when the riders were put on 2 minutes common sense took over and the racing continued.

Heat 12 was rerun because Dook fell, caused by Billy Dallison oversliding. The steward did not see things the same way as the match reporter because both riders were in the rerun. Frank Dolan newly transferred from Harringay injured his shoulder in a second half crash and was out of action for a month.

Syd Griffiths won one of his heats in unusual circumstances. As he approached the chequered flag Griffiths lost control and came off. However he was still hanging on as rider and bike crossed the winning line in the midst of a crash. Syd got his 3 points but it was a close thing.

Max Grosskreutz was coming in for criticism at this time for riding for the second division team he managed. First division reserve teams who were unable to use first division heat leaders were particularly unhappy. Grosskreutz stood down from 2 races at this meeting. He of course won both his other rides. This accounts for his unexpectedly low score of 6.

Andy Menzies fell in the first run of heat 4 and Jack Tidbury had no chance to avoid him.
