AVERAGE CALCULATIONS: CROSS-CHECKS & COMPARISONS

SOURCE: Glasgow 1986 Track Review - Speedway Star w/e December 6, 1986

PUBLISHED FIGURES: Combined National League & National League Knock-Out Cup

Kelvin Jelaca is reported as having taken **11 rides for a C.M.A. of 1.45**. He is also credited with **8 fourth place finishes**.

Averages published in the **Edinburgh programme 08/08** report that Jelaca had taken **7 rides in 2 matches**. Independently marked programmes concur with this figure.

His third match was at **Boston 21/09**. Two independently marked programmes and the Speedway Star match report concur that he took **3 rides** in this meeting.

Therefore the discrepancy must be regarded as an error. Jelaca's rides should be **decreased to 10**, his fourth places **decreased to 7** and his average **increased to 1.60**.

All other figures published in the review concur with those shown in this file.
